ORCHESTRA BROADCASTS

MANY LOCAL PEOPLE HEAR RALPH DENNY'S MUSICIANS THURSDAY NIGHT

Many radio fans in the city and community "listened in" on Ralph Denny and his orchestra last night. The musicians broadcasted a delightful program from Pittsburgh and several of the selections were dedicated to Greencastle people.

Mr. Denny, who is a well known local man, announced that the number, "Pale Hand that I Love" was dedicated to his mother, Mrs. E. M. Denny west Washington street. Other pieces played are dedicated to Gordon Prevo, Mr. and Mrs. Fred Goodwine and family, and the local police force.

It was a great treat for the people who were tuned in, not only in this city and community but elsewhere. The "Jack" Denny orchestra is one of the best in the country and a great deal of the success of the group of thirteen-musicians is due to the splendid directing of Mr. Denny.

PURDUE, 11; D'PAUW, 4

BOILERMAKERS FOUND TIGERS EASY AFTER FOURTH INNING ON THURSDAY

The Purdue base ball team stepped on the invading Tigers at Lafayette on Thursday afternoon and handed DePauw a defeat of 11 to 4. Ragged playing on both sides marred the contest.

Frequent substitutions were made by both mentors, especially in the pitching staff. Capt. John Campbell, the Purdue pitching ace, did not go on the mound until the fifth inning, when he replaced Kohlmeier who started for the Boiler Makers. DePauw had little to offer in the way of pitchers, which handicapped the Methodist nine considerably.

Nothing in the way of flashy plays was noticed in the game, with the exception of a double play executed by Purdue in the ninth. Cox, who had replaced Campbell as pitcher in the seventh, made a perfect catch of Hirt's drive and then threw out Peirson at first.

Dearmond, Campbell and Taube hit best for Purdue. Dearmond got a triple in the second, while Campbell and Taube each accounted for two base hits. Davis, DePauw catcher, and Clark, Darnell and Vandebark performed best for the Methodists.

Score of Innings:
Purdue 0 1 2 5 2 0 1 0 *—11 12 2
DePauw 1 0 1 0 0 0 0 2—4 5 3

Batteries—(Purdue) Kohlmeier, Campbell, Cox and Menke, Wahl; (DePauw) Pruitt, Lawrence, Darnell and Davies. Umpire—Mowe (Earlham).

THE WEATHER.

COMMITTEE IS GIVEN THE WAR RECORDS

SECRETARY WEEKS GIVES FACTS TO DAUGHERTY INVESTIGATING COMMITTEE

OF GREAT IMPORTANCE

Records Are Very Valuable According to Secretary of War. Weeks Makes An Urgent Request

WASHINGTON, April 4.—Secretary of War Weeks today transmitted to the senate Daugherty investigating committee all war department records in aircraft cases which the committee demanded yesterday.

Weeks sent them to the committee by Captain W. F. Volandt, assistant chief of the finance section of the air service.

Weeks said the records were of great importance to litigation already in the courts or about to be taken to them, that the sum of 42,000,000 was involved and that if contents of the records were made known to the defendants of the suits, it would "result in great injury to the public interest."

Weeks also asked that the records at all times be left in the custody of Captain Volandt, so that the war department's responsibility for them would not be interrupted. He said Volandt would produce them whenever the committee desired them.

The committee went into executive session immediately after receipt of Week's letter to consider his request to keep the documents secret.

When the committee convened in open session, Chairman Brookhart announced that Weeks had sent all the records desired by the committee at this time and that Captain Volandt would be examined in executive session later today.

Brookhart also announced that the committee had decided to hold hearings in the near future at Washington Courthouse, Ohio, to examine the records of the Midland National Bank of which Nel S. Daugherty, brother of the former attorney general, is president.

The decision to go to Ohio to investigate the estate of the late Jess Smith was made to relieve the bank of the embarrassment of being deprived of its records for an great length of time, Brookhart said.

Nel Daugherty refused to bring them to Washington or permit the committee's examiners to inspect them.

FISH LADDERS USELESS

INDIANAPOLIS, April 4.—Fish ladders over dams, while provided for by state law, are practically of no use in allowing fish passage over dams upstream, George N. Mannifield, state superintendent of fish and game, declared today.

This, he said, accounts for the absence of fish ladders over many dams in the state.

"Our law was passed at a time when it was taken for granted a fish ladder was useful for aquatic life to go upstream over a dam," said Mannifield. "Fish prefer to leap a dam, and do, if it is not too high, or they go around it at flood times."

An eastern state several years ago constructed a fish ladder at a cost of \$60,000, but no fish ever went over it, according to Mannifield.

BLACKBURN ON STAND IN M'CRAY CASE

MANY FINANCIAL MEN FROM OVER INDIANA TESTIFY REGARDING INDEBTEDNESS

MAY EXCEED ESTIMATE

Evidence Being Sought by the State to Show that McCray Misrepresented Liabilities

INDIANAPOLIS, April 4.—Thirty additional Indiana bankers were called today to testify in the trial of Governor McCray on charges of embezzling \$155,000 of the funds of the Indiana state board of agriculture.

They were to be questioned as to the amounts McCray owed their banks on March 1, 1923, the date on which a financial statement given I. Newt Brown, then secretary treasurer of the board, showed McCray's liabilities at \$537,684.

Testimony of 40 bankers who have been heard up to adjournment of court yesterday indicated McCray owed at that time nearly \$950,000, more than \$400,000 in excess of the indebtedness shown in his financial statement.

The direct personal indebtedness of McCray as shown by the bankers' testimony was listed at \$445,383 and his liability on indorsed notes was placed at \$505,300.

Although the governor's attorneys objected to introduction of indorsed notes as liabilities, Judge Chamberlin permitted them to be included in the evidence.

A number of the bankers who testified said McCray was not indebted to them on March 1, 1923, but that he later borrowed large sums from them.

The prosecution made efforts during the testimony to prove that some of the notes indorsed by McCray were forged and that "companies" whose names appeared on the notes did not exist.

E. E. Blackburn, president of the First National Bank of Marion, Ind., testified that he was unable to locate the "Camby Cattle Company" and the "Belle Fourche Cattle Company." He said he made a trip through several western states where McCray held land in an attempt to locate the "cattle companies."

Blackburn's request for a probe of McCray's financial affairs last fall led to the grand jury investigation which resulted in the indictment of McCray.

It had been expected that he would be one of the most important witnesses for the state, but his testimony yesterday did not extend beyond a statement of the governor's debts to the Marion bank and his efforts to trace the paper.

IOWA DELEGATES TO GO WITHOUT INSTRUCTIONS

DAVENPORT, Ia., April 4.—Iowa delegates to the Democratic national convention in New York in June will go uninstructed. A majority of 30 delegates, however, are known to be friendly to Wm. G. McAdoo, candidate for the presidential nomination.

The convention ended late yesterday after a bitter party fight over the selection of a national committeeman and without adopting a resolution stating a presidential preference.

Clyde L. Herring, Democratic progressive leader, a McAdoo supporter, was elected national committeeman to succeed Wilbur W. Marsh, conservative leader.

DAUGHERTY TO TRY COMEBACK

WASHINGTON, April 4.—Former Attorney General Daugherty will refuse to be "made a goat," he and his friends said emphatically today as Daugherty prepared to issue a statement in reply to Senator George Wharton Pepper's reference to Daugherty in his Portland, Me., "keynote" speech.

Pepper said appointment of Daugherty was a grave error in judgement. Instantly Daugherty shot out a statement in which he said:

"I do not propose to be made an issue in the coming campaign except for the benefit of the Republican party as a beneficiary of my administration of the public business in the department of justice."

This brief retort to Pepper is but an indication of the tenor of a carefully prepared statement which Daugherty intends giving out later, his friends said.

The condition of Miss Ruth E. Chapin was reported Friday morning as showing a decided improvement.

H. S. Notes

Yesterday afternoon some new sweat shirts were issued to the track men. They will start working on the track at the DePauw field next week.

More about the Senior Carnival. The Carnival will be held on April 16. There will be a big parade headed by the High School Drum Corps at 4:00 o'clock. Every High School pupil is expected to participate in the parade. In it there will be divisions for all the different organizations in evidence such as Boy Scouts, Girl Reserves, etc. There will also be float and riding girls. The best float will receive a prize of an Annual. To bring up the rear and add a fitting climax to the parade there will be a Rube Band on the hindmost end of the line. At the building there will be a continuous show in session, a one-act comedy, vaudeville and so on will feature the program. The Sap Syncopating Six will furnish the melody of the evening.

Outside of the Auditorium there will be booths of all kinds, refreshment stands and everything to complete a full evening of fun and good time.

Tests continued to darken the atmosphere today. The clouds will retire for a day of rest on next Tuesday, but will be back on the field to complete their work Wednesday. Tonight and tomorrow night will be the closing nights of the local picture in Greencastle. Also with this is, what is said by many, to be the most thrilling of our High School pictures for some time. The Spoilers, by Rex Beach, will be run for two nights. The house is expected to be filled to capacity on those nights.

The seniors are working diligently on their play. Not much time is left but things are forming into a promising shape now and little is the cause for worry.

The "Yellows" of the high school color teams won the beautiful silver loving cup by defeating the "Blacks" Thursday night by the overwhelming score of 23 to 10.

Between six and eight teams made up the group and the teams were eliminated according to their strength with the Blacks and Yellows playing the final game for the cup. Several good players are to be found on all the teams and the first half score of seven, to three was just a reverse of the final, with the Blacks on the long end of the score. The names of the youngsters of the winning team will be placed on the cup, after which it will be placed in the show case in the hall.

Why? Pimple-Poison goes when Red-Blood-Cells increase! S. S. S. builds these Red-Blood-Cells!

You can be sure of this, nature has no substitute for red-blood-cells. Pimple-poison can't live in the red rivers of your blood as long as there are

Every woman, every man, can now have a face clear as a diamond! More red-blood-cells! That is what you need when you see pimples staring at you in the mirror. Black-headed pimples are worse! Eczema is worse yet! You can try everything under the sun—you'll find only one answer, more cell-power in your blood! The tremendous results, produced by an increase in red-blood-cells is one of the A. B. C's of medical science. Red-cells mean clear, pure, rich blood. They mean clear, healthy, lovable complexion. They mean nerve power, because all your nerves are fed by your blood. They mean freedom forever from pimples, from the blackhead pest, from boils, from eczema and skin eruptions, from rheumatic impurities, from that tired, exhausted, run-down feeling. Red-blood-cells are the most important thing in the world to each of us. S. S. S. will build them for you. S. S. S. has been known since 1836, as one of the greatest blood-builders, blood-cleansers and system strengtheners ever produced. S. S. S. is sold at all good drug stores. A Chevrolet touring car which was stolen from a Brazil party six weeks ago was located on east Washington street Thursday evening by State Highway police A. R. Carmichael. Mr. Carmichael found the car parked on east Washington street without license plates or certificate of title found it to be the stolen car. The car was insured by the Indiana State Auto Insurance Co., who will return the car to its owner. Several different cars have been located by their lack of license plates, and this is one reason that auto drivers have been urged to get their plates.
